

My name is Becky Kuykendall. I am running for the Christoval School Board. I was born and raised here. My husband, Dana and I have 2 grown children, Matthew (Sargent with Tom Green County Detention Center) and Victoria (CSR with Central Texas Farm Credit) that graduated from Christoval in 2001 and 2005. Currently we have a granddaughter that attends Christoval and is a Freshman, Elena Valdez. I have 3 other granddaughters that attend schools in San Angelo and a daughter-in-law that is a counselor with San Angelo ISD.

While my children were in school, I served as a substitute teacher for the district and worked part-time as Technology coordinator for a year. I have served on several church boards, Christoval School Board (6 years) and other non-profit boards in the community as well as held officer positions with a couple of school organizations throughout the years.

I have worked at the Better Business Bureau for 22 years as Complaint Specialist and various other jobs within the organization. My job is to determine if the problem that the consumer has falls within the guidelines of the BBB for a complaint to be processed. In many instances, you first must de-escalate a situation before offering a possible solution. It takes patience, lots of patience!!

Dana and I also run a goat and cattle operation in Christoval. He previously worked at Shannon Hospital, Winters ISD, Wall ISD and Smalls Schools Coop before going into the ranching business.
